I consigli di **Mio Mio & Meo** IL CORONAVIRUS

Il virus, avete sentito parlare del nuovo virus che sta circolando? Cosa fare, come e perché? I medici di famiglia Coronavirus in CHES.

Il, però, non fanno solo che a noi ragazzi non fanno una malattia grave ma ad alcuni adulti ed anziani di

Per questo motivo è importante sapere delle precauzioni per evitare che la sua diffusione aumenti l'unico!

COME PROTEGGERSI DAL CORONAVIRUS? RIDURNE LA DIFFUSIONE

- 1 Suggeri di andare a fare attività fisica in tutta libertà, non frequentare luoghi chiusi e affollati, anche i bus pieni a fare shopping.
- 2 È questo il tempo per sfruttare una grande opportunità: la buona occasione che ti permettono di stare in contatto con gli amici.
- 3 Pulisci regolarmente le superfici: dai maniglie alle rubinetterie, tastiere, spartitoie, puliscristalli, ecc.
- 4 Evita strette di mano, baci e abbracci.
- 5 Lava spesso le mani con acqua e sapone, soprattutto prima di mangiarci e, se l'acqua non è disponibile, utilizza un gel disinfettante. Pulisci spesso con le lenzuola di carta.
- 6 Se non hai un tappetino di carta, usa i tovaglioli e strombali solo dopo aver guardato e non toccarli mai, bocca e occhi e non farli in nessun punto.

BAMBINI E LOCKDOWN: LA PAROLA AI GENITORI*

Report di ricerca a cura di: Mantovani, S.; Picca, M.; Ferri, P.; Bove, C.; Ripamonti D.; Manzoni P.; Cesa Bianchi A.; Mezzopane A.

On line questionnaire

3443 families from Lombardia (Italy)

age 1-5 years 49,8%

age 6-10 years 50,2%

Period of observation: July-August 2020

(end of first lockdown)

1 parent in smart working 39%

Both parents in smart working 29%

None in 31% of the families

Behavioral indicators

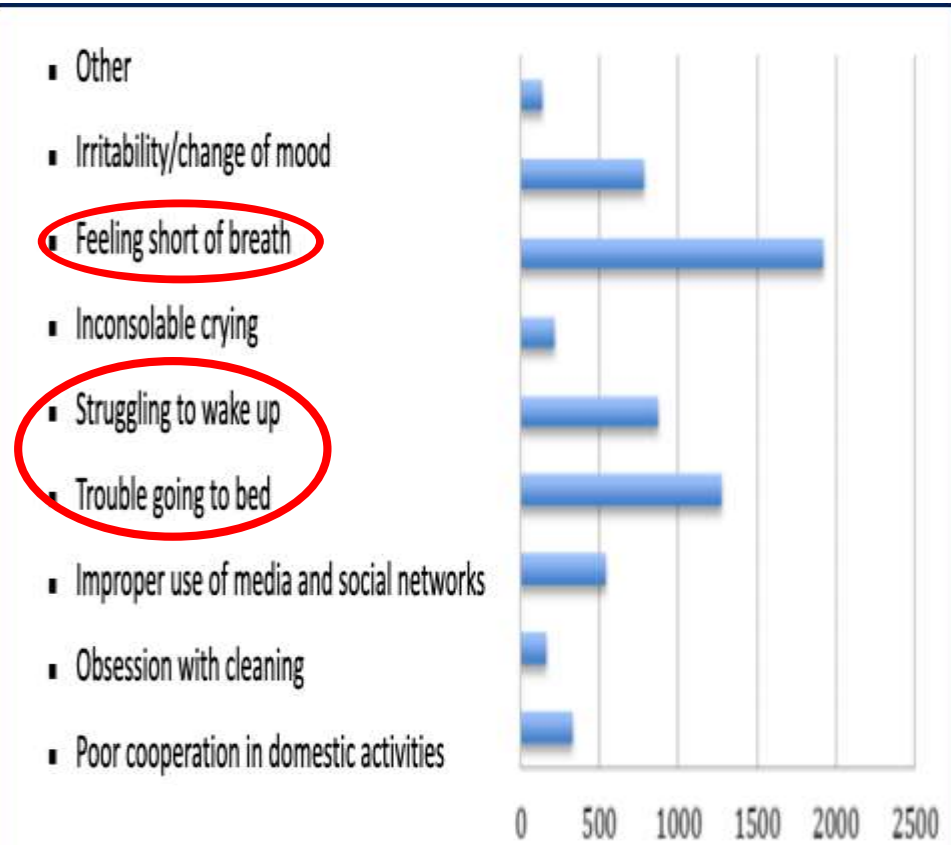

Behavioral disturbance or regression symptoms in 3251 children > 18 years

children under 6 years of age **65%**

children over 6 years of age **71%**

2 hot topics in Italy

VACCINATIONS

The Italian PCPs are committed to vaccinating all the children they care for, while the Government vaccination centers are committed to vaccinating the adults and the elderly against the SARS CoV-2

Telemedicine

The only positive aspect of this pandemic, if we really want to find one, is that communication problems have given a strong push to the spread of [telemedicine services](#), that were really under-used before by the Italian PCPs

Let's checkmate him
